Plan Description

The Marshalltown plan is a beautiful modern farmhouse style plan. The exterior is highlighted by a large wrap around porch and board and batten siding. Inside the home, you'll love this plan's well thought out floor plan. The large great room is warmed by a fireplace that is flanked by built-in bookshelves. The home's kitchen includes a massive island and a walk-in corner pantry. The master bedroom is tucked behind the kitchen for privacy and includes a tray ceiling, his/her vanities, a soaking tub, and a large walk-in closet. On the opposite side of the home, you'll find 2 bedrooms that share a jack and jill bathroom. This plan includes a bonus room above the garage that adds 389 sq ft. and makes a perfect home office or an additional bedroom. An optional finished basement adds 1595 sq ft to the plan and includes an exercise room, a rec room with a bar, an additional family room, and 2 additional bedrooms that share a bathroom. The house's 2 car side load garage accesses the home through a convenient mudroom.
