## Plan Description

With a gorgeous cottage-style front elevation, and a spacious, open floor plan, the Foxborough sets itself apart. We've blended stucco, stone, and wood, to create an almost magical appeal. The look is complemented with decorative wood brackets, tudor-style trim, steep roof pitches, and a prominent stone fireplace that brings it all together. This house plan features a very open floor plan, massive 3 car garage, and a kitchen that is just as suited for entertaining as it is for cooking. The Master Suite has 10' ceiling, and a large bathroom with an oversized tub and walk-in tile shower.
