Plan Description

If you are looking for an efficient way to build a house, look no further than a post frame home. The Great Falls plan provides a great place to live as well as work. On the work side, the house includes a 3 car garage. Inside the home on the main level, the Family Room is warmed by a fireplace. Upstairs, the large open floor plan includes a kitchen with a large island and a walk-in pantry. The great room is warmed by a fireplace that is flanked by built-in bookshelves. On the right side of the home, the Master bedroom contains his/her vanities and a walk-in closet. On the opposite side of the home, bedrooms 2 and 3 share a jack and jill bathroom.
