## Plan Description

The Kristine is a cute Modern Farmhouse style cabin. On the main level you will find a kitchenette complete with a range and microwave. Going in further, there is a laundry room with a folding counter. The dining area has a table that can be used as a desk or for dining. The living room has a 2-story cathedral ceiling that makes the whole room feel so much larger. Off the living room is a bathroom complete with a 36x48 shower. Back out in the living room is a ladder that leads you up to a loft space perfect for sleeping. The cathedral ceiling really gives this room life. The Kristine has great curb appeal and an interior so efficient to match!
