Plan Description

This beautifully configured Modern House plan offers amenities that are usually found in much larger home designs. On the outside, dark gray siding with wood accents and a covered porch put on a striking display of curb appeal. Just inside, you'll be amazed at the open floor plan including a magnificent great room, which is warmed by a fireplace and flows into a dining room and large kitchen. The kitchen boasts plenty of counter space in addition to the spacious island. Just beyond the dining area, a covered patio extends entertaining options. The master suite enjoys a luxurious bath, complete with compartmented toilet, walk-in shower, dual vanities, and a large walk-in closet. On the other side of this house plan, the large 3 car garage accesses the home through a convenient mud room complete with a bench, lockers, and a catch-all.
